Community Card Party

The Community Card Party held under the auspices of the Auxiliary to Kensington House on Friday evening, November 12th, proved to be a tremendous success, twenty-five tables were in play, thirteen for bridge and eleven for whist, handsome prizes for both being generously donated by Mr. T. D. Coldcutt.

A kindly, sympathetic spirit pervaded the gathering, with the interests of the coming aged occupants of the Home at heart. The president of the Auxiliary, Mrs. A. Shaw, presided on the occasion, and thanked the company for their kindly interest and announced the names of the winners of the prizes—the first prize for bridge went to Mrs. A. Brown and the consolation to Mrs. Lock, in whist Mrs. Harrison won first prize, the consolation going to Mrs. Hennessy, the chair prizes were won by Mrs. Darts and Mrs. Toth.

Sincere thanks must be tendered, to Mrs. Work for valuable aid, and to Mr. Hugh Baker for his fine conducting of the card play, also to Rev. W. R. Jeffcott for his generous loan of tables and chairs. To the citizens who so kindly loaned their own tables and especially to Mr. Marshall for donating the use of the hall and all these in arrangements—to all these a very hearty Thank You!

The proceeds as announced will secure many comforts for the first guests at Kensington House.

REPORT ON INCORPORATION OF WHITE ROCK

By W. C. FRANK,
Councillor for Ward V,
on request of the White Rock
Board of Trade

Concluded
It might be very worth while to consider some of the improvements in the last five years in what we might call the White Rock area, especially inside the fire area, and immediately affecting this community.

Paving of Marine Drive and Stevenson, Johnson from King George Highway to Buena Vista, Campbell River road from Maple to hill east of Steacie, a strip on Maple, and lower end of Buena Vista.

Filling and raising the Campbell River road. Construction on Kent, Steven, Halsegood, Pacific, Shepherd, A. C. D. and F. Pinsky, Thilft, Roper, Procter, Martin, Beach View, Prosper, Everall, McEldrie, Oxford, Gogen Oxenham, West Beach, North Bluff, Bishop, Kerfoot, Nichol, Sunnyside, Stokes, Cook, Columbia and others which needed some much needed improvements.

Twenty thousand dollars worth of improvements were made to the beach in Relief days by Government grant and co-operation of Surrey and the G.N.R.

Two washouts have been filled on Washington avenue and extensive new drains put in, besides him.

Pro Rec News

Hi yi girls, Pro Rec is here again in White Rock, every Thursday evening at the Army and Navy hall, and say you should meet our instructress, she's tops. The hall is large and warm, oh boy and what a grand floor.

We have a good membership, but we do wish they'd all make an appearance every Thursday, myself included, the more attendance we have, the more encouraging it is to the instructress.

The year we have music to the exercises and dances, and it makes it so much better. So now ye gals that want to reduce and those that want to keep their drollish figure, come along, for that's one night when we all have a good time.

Let's be seeing you there every Thursday at 8 o'clock. It's such a healthy sport and our fees are low. November 25th we are going to have a social evening.

Ada A. Shaw.

Our Town

The local L.O.L. were well satisfied with the attendance at their dance in the White Rock hotel on November 5th. Westland's orchestra supplied the music. It is the intention of the same organization to put on another dance in the near future.

Women's Institute

The roll call at the November meeting of the Women's Institute, Mrs. A. V. Sharpe, vice-president, presiding, was answered by impressions of the organization as a whole. Among the correspondence was a letter from the Provincial Superintendent, Mrs. A. V. McLaughlin, with the announcement that a Provincial Conference is being planned to be held in Vancouver next spring. The secretary, Mrs. F. Friend, read a report of a conference recently held in Albert Hall, London, when several thousand members were addressed by Her Majesty, Queen Elizabeth, herself a member. The latest member of the Royal family to join this organization is Princess Elizabeth.

Mrs. M. Murphy, convener of V. Bundles, reported six cartons ready to ship. \$5. was voted to pay the Commandos, a group of small war workers, for running services for V. Bundles. deeds of dollars worth of the cur-
rents, besides ordinary maintenance,
eg. ditching, brushing, new sidewalk
on the front, travelling, grading etc.
Two major improvements are
pending as soon as the opportunity
comes, eg. Washington lane and
Victoria extended through the Hope
property if the cost is not too high.
These improvements have made it
possible to now seriously consider
incorporation.

And now for fear the areas outside
White Rock will think they have
been neglected, let me report some
of the work done in the rest of
Ward V. eg.

Construction on the Lawrence rd.
the Boundary road, Hall's Prairie,
North Bluff, Third St. McQuarrie,
Stokes.

Considerable ditching, and new
culverts; three quarters of a mile
of paving on the North Bluff, which
I had hoped to double; but oil has
been almost cut off since the war.
In the Ocean Park area several
new streets have been constructed,
eg. Howard, Brooth, Darwin, and
parts of others, eg. Giblin, Taylor,
Sunnyside, Stokes and McBeth.

At the present time Schools and
Public Works take about 76% of the
Revenue, with about a 50-50 basis;
Administration about 8%; Social

Service 12%; Hospitalization and
Health 1%; A.R.P. 1%; Telephones
1% and Miscellaneous 3%, accord-
ing to 1942 Municipal Report.

And now supposing we try to for-
get the past, and concentrate on the
future, should we seriously consider
the matter of incorporation?

I think we should consider this
from all angles possible and get
ready for the plunge.

A lot of our streets and roads are
graded and a good deal of prelimi-
nary work done.

When this war is over we face
Rehabilitation, and if we were in-
corporated, we could as a new Munici-
pality make a new start.

I don't think we should be fright-
ened to face the future. We would
have three Commissioners or Coun-
cillors from our own community to
handle our affairs. It is a heavy
burden for one Councillor to handle
Ward V. Of course he receives help
from the clerk, the engineer, and
the Reeve, particularly, and I do not
imply that the rest of the Councill-
ors are not sympathetic as a rule.

I think we should forget about
lowering our tax rate unless we
think we can get along with less
services.

I also think we could manage with
care and economy to keep the taxes
at present about the same.

Of course school costs are climb-
ing, and whether we took over our
schools or not, we would have to
take care of our share of school
costs.

We are all hoping that eventually
the Provincial and Federal (idea-
bly under some new arrangement)
governments will assume more of
the cost of education under some
plan allowing larger grants from
General Revenue of the nation.

The financial condition of Surrey
was never better than today, and
our share of assets would be so
much above our share of liabilities
that we would be in a fairly good
position to set up an incorporated
area of our own.

The matter of setting up a sewage
area eventually would be a local
improvement, whether we were in-
corporated or not. Sidewalks would
also be a similar plan; and both of
these would have to be voted on by
the property owners directly con-
cerned.

Town planning could be consider-
ed, and if some changes were sug-
gested, these could be worked out
gradually as time went on. Most of
the streets have just been named,
and names posted. House numbering

should be done and has been consid-
ered, and will come.

After the war oil will be obtain-
able, and paving will follow under
some scheme.

I believe we should incorporate as
a District Municipality, and take
in an area that would give us some
gravel, and the possibility of a
garbage area for dumping and
burning.

Perhaps if we were on our own,
we should have more boosting and
less knocking, and the possibility
of a larger democracy, or democ-
ratic spirit, and at least three men
would have to take the knocks for
mis government, or what-have-
you.

Thanking you for all your inter-
est, I remain,

Yours truly,
W. C. Frank,

INFORMAL PORTRAITS AT NIGHT

Informal portraits like this one are always welcomed by those in the Service as well as by friends and relatives at home.

THE most important requisite of
any informal portrait is that it
be a good likeness. Indeed, the very
word "portrait" means a likeness;
but it implies more than that. It
suggests a portrayal which is natu-
ral and characteristic.

To obtain such personality studies,
you must do two things. First, ar-
range your lights and camera in
advance, so that you can snap pic-
tures quickly and without a lot of
fuss. Second, make sure that your
subject is at ease.

The simplest way to have your
subject relax is to provide a com-
fortable place to sit and something to
do.
Suppose you are making a picture
of your sister. Perhaps it would be
best to show her, fairly close-up,
knitting, as in the picture above.
Having her knitting, or even glanc-
ing up from a book, will help her
feel at ease, thus taking her atten-
tion away from the camera and
lights.

Now, about lighting. Indeed, the
placing of the lights must not be

extreme, for you don't want odd
lighting effects in these pictures.
And, as previously mentioned,
light and camera should be in pos-
ition and all ready before you place
your subject.

For informal portraits, the best
general lighting is the conventional
45-degree type (that is, the main
light at a height so that it may be
directed at that angle) which you
will find illustrated in any booklet
or leaflet on taking night snapshots.
Two lights are essential, and the
one generally used, now that regu-
lar flood bulbs are not available to
the amateur, are a 100-watt and a
150-watt home lighting bulb. One is
placed to the left of the camera,
one to the right, both pointing at
the subject. This produces a nicely
balanced lighting with no harsh or
extreme shadows.

And don't forget that those in the
Service like to receive informal por-
traits of members of their family
and friends.

John van Guilder

"What's holding you back brother?"

THE fellows who are in there pitching at the Axis
didn't need any formal invitation to race into this
scrap... and they're beginning to wonder what
happened to you. Those fellows are in the thick of
things... smooth-working teams of fighters... each
man doing his part.

Besides real he-man action and adventure, you'll get
skilled technical training and experience that em-
ployers will rate highly after the war.

If you really want to pull your fair share, and if
you're fit, there's not a thing in the world to hold
you back. You can get aircrew today. You can win
your wings in a few short months under the guidance
of veteran airmen. What about it, brother?

Declining Debts Mean Rising Credits

After you have supported Canada's War
Loans to the fullest, and when consider-
ing future investments, give thought to the
opportunities offered by British Columbia:

The Public Debt of the Province
as at March 31st, 1943,
amounted to (Gross) \$153,254,239.92

The Sinking Funds amounted to 17,634,486.50

Leaving a net debt as at March
31st, 1943 \$135,619,753.42

This shows a decrease in the Gross Debt,
during the 12 months ended at the said
date, of \$12,329,857.14, and a decrease in
the net debt of \$10,065,337.35.

It is also interesting to note that British
Columbia is the only Province in the
Dominion where a reduction is shown in the
Public Debt during the past 10 years. A
comparison with 1933 shows a decrease of
\$13,744,355.62.

WITH BRITISH COLUMBIA'S DEBT

TRAVEL RELAXED IN SLACK HOURS

Pacific Stage Lines buses are crowded in rush hours
due to wartime conditions. Try to plan your journeys
to take advantage of slack-hour comfort and
convenience. By doing so you help improve transit
service for war workers and others who must ride
during rush hours.

Conservation of critical materials limits bus
accommodation available to the public. Slack-hour
travel is the one way of helping meet the situation
with greater comfort and convenience to passengers.
